

Dear

I want to thank you very much for your kindness. I really appreciate all the gifts you gave to my family. Throughout these past years of receiving presents for my family, I have learned that what really matters in Christmas is the kindness of people towards each other. I am grateful to know that you were willing to give to people you don't even know. You made our Christmas a very happy time spent with each other. I want to thank you for letting me give my family presents I wasn't able to get them. I hope you had a wonderful Christmas and that your upcoming New Year is filled with happiness and love for and from those you care for.

Sincerely,

HAPPY NEW  
YEAR!!!
